

FOR YOUTH DEVELOPMENT®
FOR HEALTHY LIVING
FOR SOCIAL RESPONSIBILITY

July 3, 2020

Dear Member,

As I have shared throughout the past months our staff has been working tirelessly to get the YMCA prepared to open. We have been working with YMCA's across the country to learn best practices as we move to reopen.

On July 2nd we received information that we would be allowed to open on July 6th. Along with this date came the state of Massachusetts requirement guidelines for us to open. Because these guidelines differ from those across the country, we will need additional time to prepare the Y to be ready for you. Please mark your calendar for **July 13th** as a target for our reopening!

Thank you for your continued support during this time, we look forward to being together soon!

With gratitude,

Kathy Viens, CEO
